

Painting by THE MASTERS

ELEGANT ART THEMED EVENT WITH A “WOW” ENDING!

Painting by the Masters is an art themed corporate team building program for groups of 15 to 1,500 people. Multiple teams of 4 to 6 people paint unique pictures on an artist's canvas. **A dramatic finish happens when the paintings from each team are all assembled together to make one painting!** Your group will make a true “Masterpiece” and experience a powerful business message – the whole is greater than the sum of its parts! Send us your image or we can supply a classic masterpiece.

WE MAKE ART EASY AND FUN

Easy to use instructions, onsite professional TeamWorx staff, paint-by-numbers map applied directly to canvas, and helpful visual guides for mixing paints like artists, ensure a good quality finished product regardless of your “Masters” actual painting skill. You will want to hang your painting back at the office or donate it to a worthy cause! Best at 2 to 3 hours.

Each team gets a set of customized paints, art supplies, and paint brushes. Each canvas has a custom paint-by-letters map that insures it is completed properly.

SURPRISE REVEAL AT FINALE OF EVENT!

Enormous Mural

At the end of the event, we assemble all of the canvas paintings made by each team into one giant painting! Flexible options for the conclusion based on your schedule and outcomes. We can assemble it and surprise your guests, or they can figure it out working together. Either way it creates that hard to achieve “Wow” factor at your next meeting! Keep your painting for the office, or donate to a local charity.

GREAT WAY TO COMMUNICATE YOUR MEETING THEME

A perfect way to reinforce popular meeting themes such as “We are from different areas or regions, but we are all on the same team!” or “Anything is possible if we all work together” and many other inspiring messages.

Save cost by having program shipped to your location. Phone support available before and during event.
