

# Backpack BUILDERS

is an exciting corporate team building event that gives back to kids in a meaningful and real way.

## BUILD BACKPACKS FOR LOCAL SCHOOL CHILDREN

*Backpack Builders* is a charity team building event for corporate and business groups. Multiple teams compete to be better at a variety of team challenges, **and** they shop for school supplies to giveaway to students from a local charity.

Each team will **donate backpacks** filled with school supplies to children from a local charity. Each backpack **includes your logo** and is chosen to fit the needs of each student.

Energize your group with a teamwork focused event that gets people up and moving around, talking, interacting, and improving teamwork all to be the winning team!

20 unique teamwork focused activities challenge each team to complete as many as possible. They can choose any or all of the activities and will be doing many simultaneously to insure everyone is engaged!

The better they do the faster they can shop for supplies to stuff their backpacks.

### Needed Supplies for Children or Other Charities

*Backpack Builders* provides an incredible experience of giving away much needed school supplies and quality backpacks to appreciative children. We can adapt the program to fit any charity!

TURN KEY INCLUDES
High Quality School Supplies
Your Logo on High Quality Backpack
Seamless Integration of Team Building and Charity Experience
All Team Building Supplies, Staff, and Emcee
Coordination with Local Charity
Everything except the Venue!

*"At our last event, Backpack Builders we built backpacks for the Boy's and Girl's Club children – we filled over 120 backpacks with much needed school supplies- having the children join us for lunch to receive their new backpacks was definitely a defining and memorable moment of our conference! I look forward to working with the talented Teamworx crew at many future events!"*
