

SANDCASTLE BUILDING

CREATE GIANT SAND CASTLES AND SCULPTURES. JUST LIKE THE PROS!

Sand Castle Building is an extremely fun and engaging team building event perfect at the beach. We translate the tips and tricks the pros use to make impressive sand sculptures and winning castles to your group in a way they can use immediately to have amazing success!

- Build large castles or sculptures just like the pros!
- All the tools and supplies they need for success
- 1 to 3 hours. Teams of 8 to 12 people each

Castles are judged at the end to determine an overall winning team. You will be amazed at how large and detailed the final sculptures or castles are! ... They often last for several days after the event!

Available anywhere in the world there is sand. A great team event. Each team must plan out their castle first, then build, perfect, and create "a whole greater than the sum of its parts."

Perfect Anywhere Sand Is

Perfect for
any size group.
