

# MOBILE ADVENTURE

---

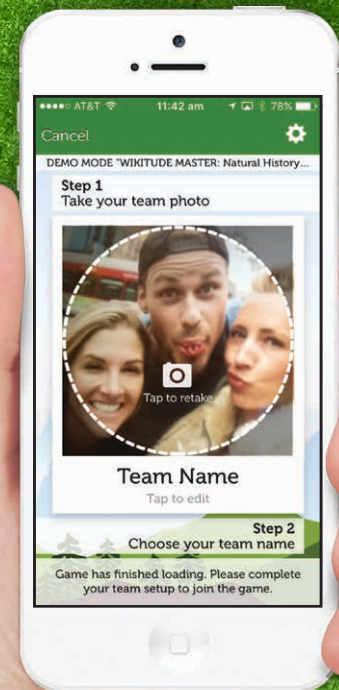

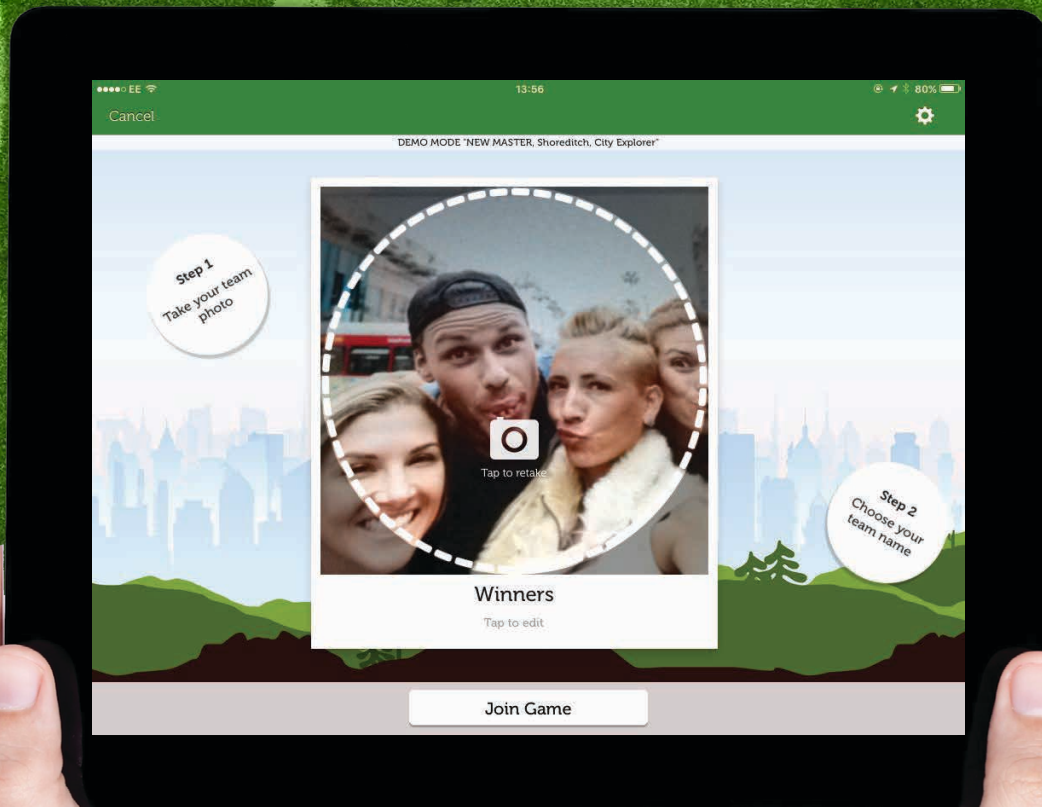

Scavenger Hunts Just Got Awesome!

Outside or  
in the Ballroom!

# Step 1: Join the Game

Everyone joins the game by taking a team selfie and inputting a team name.

WE KNOW WHAT WORX IN TEAM BUILDING

## Step 2: Locate Activity Hotspots

We will drop activity hotspots across the location of your choice. You can start and finish the activity from any venue you choose. Each hotspot will activate via GPS when teams are in a 5 meter radius of the location. The aim of the game is to activate as many hotspots as possible, in any order, and complete challenges within in return for points.

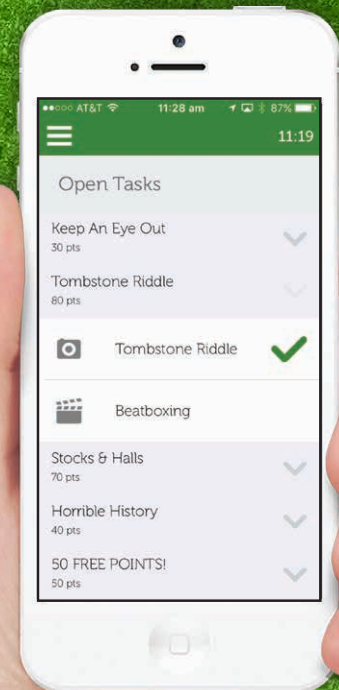

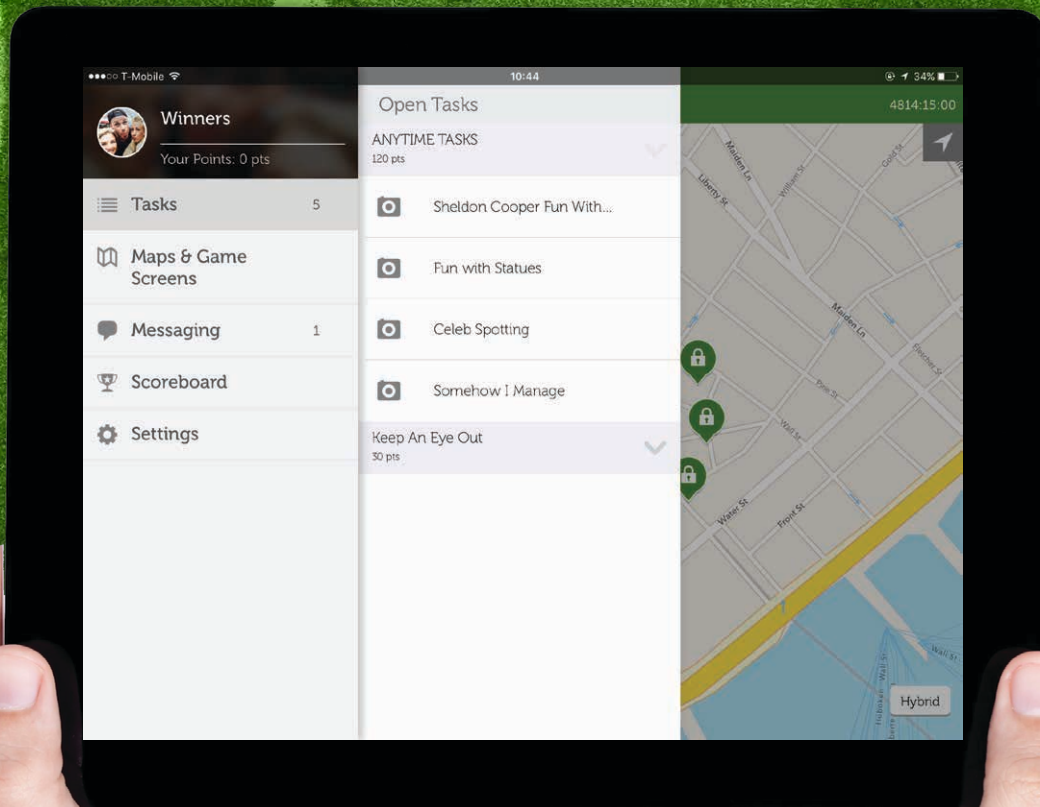

**TeamWorx**  
WE KNOW WHAT WORX IN TEAM BUILDING

# Step 3: Taskbar

Once you and your team activate a hotspot, the tasks appear in the taskbar below. They will remain there until completed meaning you can gather tasks and complete them in any order you choose. Keep an eye out for location specific tasks though as they may need you to find something in the hotspot's specific location!

WE KNOW WHAT WORX IN TEAM BUILDING

# Step 4 : Live Scoreboard

Keeping competitive spirits high, teams can see how many points they have compared to others with our live scoreboard. Your event manager will hide this 30 minutes before the end of the activity and reveal the winning team in a grand finale that evening.

# Photo & Video Challenges

For the most fun loving, energetic and competitive teams out there our hilarious photo and video challenges are always the event's highlight. We edit these into a wrap movie to show at the end of the event for you to download to enjoy time and again! These are examples of our "awkward family photo," and our "air guitar video" challenges!

# Location Tasks

Engage teams with tasks, trivia, challenges and questions all about the park's history, heritage and culture. We develop all experiences to contain a varied style of content resulting in something for everyone, meaning each member of the team will have their chance to shine!

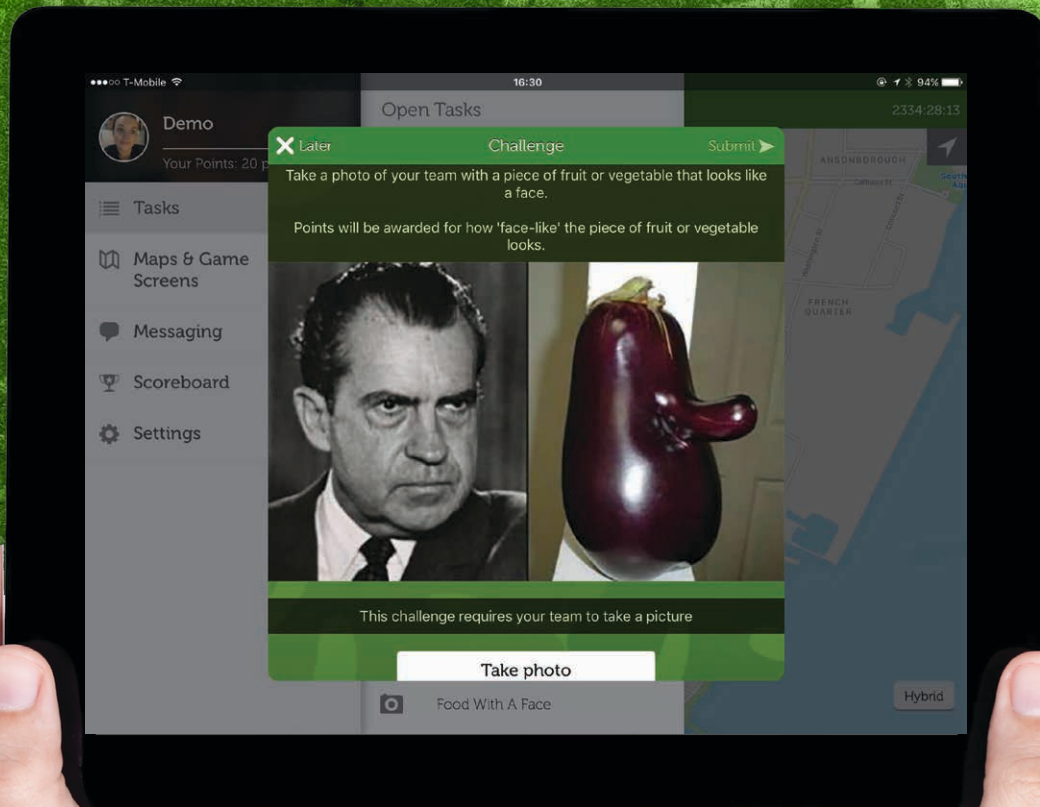

**TeamWorx**

# Tailored Tasks for your Group

You tell us what you like and we will include a variety of themed questions and challenges in your game to suit. Here is an example of a hilarious and popular food related photo challenge! We also offer company specific content like we designed for Coca Cola below.

**TeamWorx**

# We also offer indoor options...

Should the weather prove inclement on the day we can flip your game to be a museum, venue or Escape concept all taking place indoors using interactive maps, image recognition and augmented reality technology.

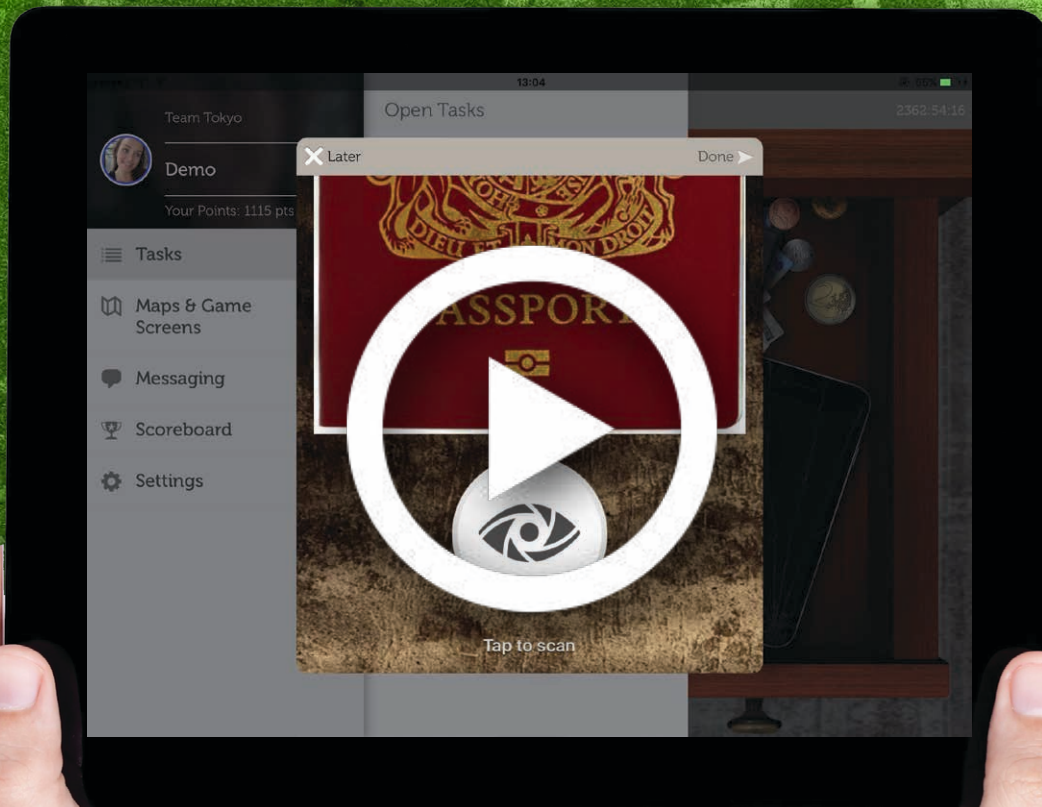

**TeamWorx**  
WE KNOW WHAT WORX IN TEAM BUILDING

# Augmented Reality

AR adds another interactive element to the custom gameplay we can develop for you. When a specified image is scanned, hidden media will appear over the top of it. Click the play button below to see an augmented reality task in action.

**TeamWorx**  
WE KNOW WHAT WORX IN TEAM BUILDING

# Image Recognition Scan-to-Unlock

GPS isn't an option for indoor events or areas of a city where the skyscape is built up. Which is why we use our unique in-built 'Scan-to-Unlock' technology where players will have to scan a plaque, a sign or a logo or anything you like to unlock a task.

Our 'Scan-to-Unlock' technology takes the place of the GPS and creates an equally interactive and location specific challenge in any indoor location you choose.

## Outdoor Scavenger Hunt

Outdoor Scavenger Hunt Style Adventures through cities, towns, and almost anywhere.

The best way to explore and interact with your local surroundings in a fun and competitive team building.

Teams compete to answer more questions found in the local setting and about the local culture, take videos and creative pictures, and have the most fun!

Our software calculates winners, shows an online scoreboard, combines pictures into a slide show, and makes available all modern technology has to offer.

**Flexible Pricing \$29 to \$99 per person.**

**Three options to meet your specific needs:**

### 1. Fully Staffed

## Indoor Customized Adventure

Indoor Customized Adventures and Produced Games available in the ballroom or at the office.

Gamify your meeting to add fun, interaction, engagement, and get feedback from participants about meeting themes, content, or anything.

Our technology allows you to gamify your entire meeting, or simply add fun team building into the meeting schedule right in the ballroom.

**Complete challenges and fun trivia at the table or get people moving around!**

- **IR Scan Technology:** Turn the ballroom, conference center, resort or office into an interactive scavenger hunt style adventure, or an interactive learning environment!
- **Brand** the game and add feedback questions to get input from your audience that can be tabulated and displayed in real time.
- **Share** your employees efforts and fuel social media marketing with automatic social media sharing within the app.
- **Link meetings together** with ongoing games that can span a year, a quarter, or the entire year.
- **Create ongoing competitions** between regions, departments, locations or whatever works for your group.

**Add a prebuilt game for effortless entertainment seamlessly included in your agenda.**

- Trivia Competitions
- Charity Team Building - Donate in Real Time
- Spy School
- Escape Room on a Tablet
- Around the World - A digital journey!

**Endless possibilities to connect your people.**
