HAVE DIRECT IMPACT ON A PUBLIC SCHOOL!

Students and teachers literally return to a new school!

Many schools are on 10 or 20 year painting cycles. They have no other option but to live with old and dingy paint, dilapidated baseboards and ceiling tiles, wasted outdoor space, and uninspiring colors.

YOU CAN CHANGE ALL OF THAT IN 2 HOURS.

Your School Makeover™ project will:

- TRANSFORM a cafeteria and gymnasium.
- PAINT classrooms, hallways, ceiling tiles, and more.
- BUILD trellises, garden beds, & benches.
- PLANT trees, vegetables, bushes, flowers, & herbs.

Research shows attendance and academic performance are significantly impacted by the physical learning environment. When you complete a School Makeover™ you are impacting thousands of children over a decade or more and inspiring teachers with a new workplace!

MEDIA

It is not uncommon for a School Makeover™ to lead the local TV news, or be featured in the local newspaper. We work with your media and public relations people to insure the right message is delivered.

MULTI-SCHOOL PLANS

Leverage your greatest investment by committing to multiple schools. School Makeover™ offers 3-school plans, 5-school plans, and 10-school plans. The School Makeover™ for multiple schools can be spread out over three years, or delivered all on the same day. Per school costs can be reduced by up to 25%.
