

# How to Use the “Paint” App with TeamWorx Events

## 1. Open the Paint app in Windows

Search “Paint” by clicking on the “Start” button; then type “Paint” or look in “Windows Accessories”

## 2. Select “nameofimageyoudownloaded.jpg” from the file location you saved it.

## 3. Use the Select tool to select each individual puzzle piece.

“Click” where you want to start and hold the button down as you expand the rectangle selection. Click again to choose your selection.

After you select the piece you will be able to **move** it anywhere you want on the puzzle board.

**Share your screen** to make the game collaborative.
