

ROBOT RACING

Design it together, drive it together! Full-contact racing to the finish!

GROUPS OF 10 TO 600 · TEAMS OF 5 TO 10 · ONSITE AT YOUR LOCATION

BUILD THE BASIC RACER

CUSTOMIZE WITH 50 PARTS

OFFICIAL WEIGH-IN

FIGURE-EIGHT FINALE

OVAL TRACK

MULTIPLE HEATS · 1 LAP PER PERSON · DRIVERS ROTATE

Teams run one lap per team member and swap drivers after every lap, so every person gets on the controller and every build gets tested under pressure.

Full contact robot racing gets crazy, so results can be unpredictable!

BEST FOR

Getting every single person on the controller and finding out what your build can really do.

FIGURE EIGHT

THE FINAL · 2 LAPS · CROSSING TRACKS

For the final race we transform the oval into a figure-eight course with tracks that cross in the middle. Two laps of full-contact chaos, near-misses at the intersection, repairs on the fly, and one champion standing at the end of it. Every team is on the course at the same time.

BEST FOR

A loud finish the whole room stands up to watch. Teamwork, technical skill, and luck usually combine for the win!

01 BUILD

Teams build the Basic Robot Racer together and learn the tools and techniques.

02 CUSTOMIZE

50 extra parts, trading between teams, negotiating for Monster Wheels, and test laps to make it faster.

03 RACE

Oval heats, full contact, repairs and modifications between runs, then the figure-eight finale!
