UP TO 1,000 PEOPLE · TEAMS OF 7-10 · 2-2.5 HOURS

Matter Matters Corp. captured a working sample of anti-matter, and during a power outage it vanished. Each teammate masters an expert role, from fingerprints and DNA to lab and ink evidence. Teams interrogate four live suspects, then present a case built on evidence.

BEST FOR

Ballrooms, offsites and all-hands meetings. Every department: sharp questions and teamwork, not science, crack the case.

VIRTUAL & HYBRID

VIRTUAL OR HYBRID · TEAMS OF 7-10 · 2-2.5 HOURS

The same case, fully online or mixing in-person and remote employees. Investigators join on Zoom or your preferred platform, share evidence in team threads and documents, and interrogate suspects live, guided by a live moderator and host.

BEST FOR

Distributed and hybrid teams, and companies that want remote employees working the same case.

01 INVESTIGATE

Each person masters an expert role, then teams work the evidence to rule suspects in or out.

02 INTERROGATE

Question the suspects live. Ask the right questions and they crack, releasing new evidence.

03 PRESENT

Teams present their case. A scoring matrix rewards evidence and crowns a winning team!
